This 8 part series plus your diligence doing your homework, is designed to get you well on your way to teaching a comfortable, efficient jumping style to your dog while at the same time defining your basic handling communication system.

Whether you are competing and need to tune up your dog's jumping skills or you are a beginner and want to get your dog started right - this is a great summer skill building series. This class is a great way for TNC students to enhance their jump training program.

This program has been expanded beyond the material presented last year. The last 2 weeks will be more extensive jump work.

ALL participants will be required to bring a food pouch. The pouch is for the dogs! This is a pouch you dog encouraged to eat out of. You can still have your pouch on your waist to provide easy access to treats.
